

Night or Day ?

Some of Britain's animals are active in the day and sleep at night, like us. Others sleep all day and come out at night. They are called 'nocturnal' animals.

Can you guess which ones are which?

**wildlife
watch** 

Tawny Owl

Hazel Dormouse

Water Vole

Red Squirrel

Little Owl

Badger

Answers: Daytime animals: Little Owl, Red Squirrel, Water Vole
Nocturnal animals: Tawny Owl, Badger, Hazel Dormouse
